

## Leverage Guided Selling to Maximize Your Business Value!

Business proposals are an important part of your business. Using an impressive proposal template can help you save your hours of work.

It is well worth taking the time to develop sales proposal templates that emphasize different products/services.

Using Guided Selling Platform you can automatically add in your preferences and information to create personalized sales proposals.

- ✓ **Logo** - You can insert your Organization Logo once in the Template and all your future design proposals will
- ✓ **Description** - You can add any content to the default provided text or introduce your own technical documentation.
- ✓ **Header & Footer Texts** - You can change any of the Header/Footer Text according to your preference.
- ✓ **Formatting** - You can change any formatting and introduce your preferences across all the sections.
- ✓ **Add more sections** - You can even add more sections like Professional Services etc. Your Table of Contents section can be updated automatically.
